

Fabric Condition Survey

Project: Fabric Condition Survey

Description: Surveying Solutions Limited were instructed to carry out an inspection to view and comment upon the general state of repair and structural condition of the retail premises and the common parts of the building of which they form a part, in George Street, Edinburgh. The inspection was also intended to identify any substantive defects and attendant liabilities under the leasehold interests. A Report was prepared and issued, complete with Budget Costs. A building measurement survey and preparation of plans was also progressed.

Programme: Summary Report within 24 hours and formal Report within 5 days.

Client: Private Client
